Arkansas Spinal Cord Injury/Disability Conference

Friday, September 7, 2018

Pulaski Technical College in North Little Rock, AR

The Arkansas Spinal Cord Commission held its biennial spinal cord injury/disability conference on **Friday, September 7, 2018**. The conference was held in the Grand Hall of the Campus Center Building on the Pulaski Technical College North Little Rock campus located at 3000 West Scenic Drive.

The 2018 Arkansas Spinal Cord Injury/Disability Conference was presented by Arkansas Spinal Cord Commission and Baptist Health.

This year's conference features informative presentations by regional and model system experts, and exhibits from national, regional, and local exhibitors.

This conference offered exciting presenters speaking on topics relevant to those living with a spinal cord injury or disability as well as every level of healthcare professional, including:

- Spinal Cord Injury (SCI): Pitfalls per Patient and Primary Care Physician Perspectives, Part 2
- Physical Medicine and Rehabilitation Approach to Myelopathy, Encephalopathy, and Neuropathy (M.E.N.)
- Medical Marijuana
- Therapeutic Recreation
- A Medic's Journey from Provider to Patient

About ASCC Conferences

Each year ASCC offers one or more educational conferences with national, state, and local experts providing the latest information on topics of interest to individuals who live with spinal cord disabilities, their families and rehabilitation providers. In addition to expert speakers with whom participants have the opportunity to meet and ask questions, the conferences include an exhibit hall with the latest technology including wheelchairs and other durable medical equipment as well as state and not-for-profit agencies who provide direct services to individuals with spinal cord disabilities and demonstrations of adapted sports, new technology, environmental modifications and other interest. Finally, the conferences provide an opportunity for participants to meet and share experiences and ideas with one another.
